Contemporary and Emerging Issues in Trade Theory and Policy

Frontiers of Economics and Globalization

Hamid Beladi
Kwan Choi
Sugata Marjit
Eden S. H. Yu

About the Book

This is a new volume in the "Frontiers in Economics & Globalization" series. This book deals with a wide-range of trade and development issues in terms of well-known general equilibrium structure. This volume shows how neo-classical models of trade theory can be used to highlight many challenging contemporary global problems. This book is a new volume in the "Frontiers in Economics & Globalization" series. It deals with a wide-range of trade and development issues. It focuses on neo-classical models of trade theory to highlight the challenges of global trade problems.
