Employee Health, Coping and Methodologies
Research in Occupational Stress and Well-being

Pamela L. Perrewé
Daniel C. Ganster

About the Book
This is an annual research series devoted to the examination of occupational stress, health and well being, with particular emphasis on the multi-disciplinary nature of occupational stress. The intent is to pull together the various streams of research from a variety of disciplines to better capture the significant bodies of work in occupational stress and well being. A multidisciplinary and international perspective is provided to give a thorough and critical assessment of issues in occupational stress and well being. The theme for this volume is: Employee Health, Coping, and Methodologies.
