

Edward Everett Hale

The Writings of an Economic Maverick

Research in the History of Economic Thought and Methodology

Warren J. Samuels

Jeff E. Biddle

About the Book

Edward Everett Hale was a leading member of the institutionalist group at the University of Texas. More radical than his better known colleague, Clarence E. Ayres, Hale influenced many students - originally through his lectures rather than his publications, which were few in number. This collection assembles materials on Hale, unpublished writings by him, and sets of lecture notes from his courses.
