

Exploring the Work and Non-Work Interface

Research in Occupational Stress and Well-being

Pamela L. Perrewé

Daniel C. Ganster

About the Book

This is an annual research series devoted to the examination of occupational stress, health and well being, with particular emphasis on the multi-disciplinary nature of occupational stress. Titles pull together the various streams of research from a variety of disciplines to better capture the significant bodies of work in occupational stress and well being. A multidisciplinary and international perspective is provided to give a thorough and critical assessment of issues in occupational stress and well being. The theme for this volume is: exploring the work and non-work interface which discusses, amongst others, social anxiety, the importance of coping, working with family, women in the workplace and work addiction.
