

## Communication and Information Technologies Annual

### Doing and Being Digital: Mediated Childhoods

Studies in Media and Communications

Laura Robinson

Shelia R. Cotten

Jeremy Schulz

### About the Book

This volume assembles cutting edge research focusing on media and youth. The volume looks broadly at what is understood by the definitions of 'youth' and 'media', when studied together and separately, and how these continue to develop. The volume features papers about institutions that shape this part of the lifecourse, such as the family, school, community organizations. Papers address this theme from a theoretical and methodological framework.
