

Spatial Econometrics

Qualitative and Limited Dependent Variables

Advances in Econometrics

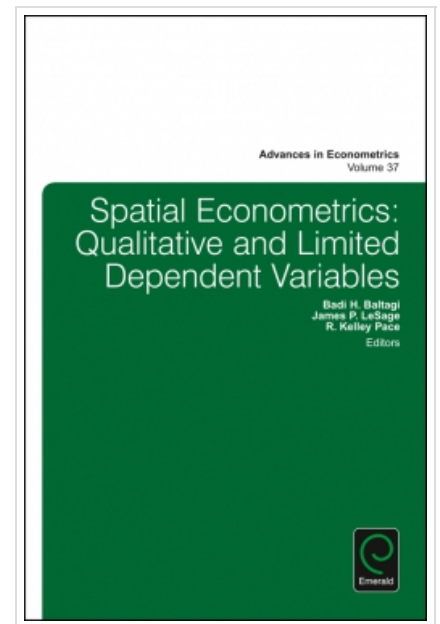

Badi H. Baltagi

James P. LeSage

R. Kelley Pace

About the Book

Advances in Econometrics is a research annual whose editorial policy is to publish original research articles that contain enough details so that economists and econometricians who are not experts in the topics will find them accessible and useful in their research. Volume 37 exemplifies this focus by highlighting key research from new developments in econometrics.
